

## YOU CAN CONTRIBUTE TO THE IGARSS COMMUNITY REMOTE SENSING PROJECT

Do you want to be part of the IGARSS Community Remote Sensing (CRS) project?

You can help validate the most recent global landcover map just go to <http://igarss.gewiki.org> click on "Follow the registration here!" , instructions you will be able to show your knowledge of landcover near your hometown or in other areas you are familiar with.

Each IGARSS registrant who contributes will show up as a pushpin on the globe. Sign in now and be a part of this IGARSS community effort. Watch the website to see how you and your IGARSS colleagues can make a difference through community sensing.

The person who has validated the most points (quality will be checked) on Friday July 30<sup>th</sup> will win a **SONY Digital Camera HX5V/B with GPS and Compass**
